

1MEC1	2025 - 26				ME in Civil Engineering			Semester 2	
Time	Monday		Tuesday		Wednesday	Thursday		Friday	
09:00 - 10:00	Timber Engineering and Design of Timber Structures CE5102 ENG-2035		Earth Observation & Remote Sensing (weeks 1 - 6) EOS4101 A-206 Geology*		Earth Observation & Remote Sensing (weeks 1 - 6) EOS4101 A-206 Geology*			Integrated Civil Engineering Design CE6117 ENG-3036	
10:00 - 11:00				Geotechnical Engineering Design CE6114 ENG-2035			Design of Sustainable Environmental Systems II CE6103 ENG-3035 10am - 12pm		
11:00 - 12:00	Hydraulic Modelling CE6120 ENG-2003		Geotechnical Engineering Design CE6114 ENG-2035					Energy in Buildings CE6113 ENG-G047	Hydraulic Modelling CE6120 ENG-3036
12:00 - 13:00	Coastal & Offshore Engineering I CE462 ENG-3035		Coastal & Offshore Engineering CE462 ENG-G017		Design of Sustainable Environmental Systems II CE6103 ENG-2034				
13:00 - 14:00					Coastal & Offshore Engineering I CE462 ENG-2033			Project Management CE471 ENG-G047	
14:00 - 15:00	Timber Engineering and Design of Timber Structures CE5102 ENG-2002				Strategy MG3119 O'Riaherty Theatre	Project Management CE471 ENG-G047			
15:00 - 16:00	Strategy MG3119 O'Riaherty Theatre	Timber Engineering and Design of Timber Structures CE5102 ENG-2034	Integrated Civil Engineering Design CE6117 ENG-2035			Hydraulic Modelling CE6120 ENG-2034		Timber Engineering and Design of Timber Structures LAB CE5102 Experimental Lab (week 6) ENG G030 & G032	
16:00 - 17:00	Geotechnical Engineering Design CE6114 ENG-2033					Civil Engineering Project/Thesis CE510 ENG-G017			
17:00 - 18:00									
18:00 - 19:00									
19:00 - 20:00									

Lecture
PC Lab
Physical Lab
Service Module
